BITEF THEATRE AND NEW FORTRESS THEATRE

Prvo što mi padne na pamet kad pomislim na ptice, jeste zvuk koji one proizvode. Ono što je tu zanimljivo je to da mi, ljudi, bilo u urbanom okruženju ili u prirodi, ptice uglavnom čujemo ali ih ne vidimo. One se prosti utapaju u zvuke koje čujemo tokom dana. To je ono što želim da postavim na sceni i da ponovo stvorim u pozorištu. Tokom rada na Aristofanovoj komediji „Ptice“, namerno sam se distancirao od radnje i usredstvio na primarnu vezu između ptica i plesa koji potiče iz Erosa, kao što možemo pronaći u jednoj od najcenjenijih analiza Aristofanovih *Ptice*, američkog pisca Vilijema Erousmita, (William Arrowsmith). On navodi da se krila mogu tretirati kao falus, i ova mitološka metafora je postala inicijacija za moj ulazak u Aristofanovu priču.

Pokušaćemo da izgradimo naš sopstveni Kukuneograd, naše gnezdo želja ili naš kavez znatiželje. Znamo da su ptice tu utopiju sagradile u visinama između neba i zemlje. Ljudi se od tada trude da grade što više građevine da bi se približili Bogu, a pritom previdaju činjenicu da što se više uzdižu u nebesa, to postaju manji na Zemlji. Ta ljudska ironija sadrži upornost koliko i detičeva dok uporno buši drvo u potrazi za hranom. Uporno i uzaludno. —

First thing that occupy my mind when I think about birds is the sound they produce. The interesting thing about this is that we, people, in the urban surrounding or in the nature mostly just hear the birds but we do not see them. They simply melt into all the sounds we hear every day. That is what I'd like to show on stage and reinvent in the theatre.

Working on the Aristophanes' comedy *The Birds*, I deliberately distanced myself from the plot and focused on the primary relationship between birds and dance that comes from Eros, which is a connection we can find in one of the most appreciated analyses of the comedy, written by the American author William Arrowsmith. He states that wings can be seen as a phallus and this mythological metaphor was the starting point for my treatment of the Aristophanes' story.

Our idea is to try and build our own Cloudbuckooland, our nest of desires or our cage of curiosity. We know that the birds built that utopia up in the air, between sky and earth. Ever since then, people have been trying to build higher and higher in order to get closer to the God, while forgetting the fact that the higher they get, the smaller on the Earth they become.

There is as much persistence in this human irony as there is in the woodpecker's drilling of the wood in search for food; persistently and vainly. —

Komedija *Ptice*, koju je napisao starogrčki komediograf Aristofan, prvi put je izvedena 414. godine pre naše ere na atinskom Dionizijskom festivalu. Ovo je najduži od svih do danas sačuvanih Aristofanovih tekstova. Glavni junak Pisteter nagovara ptice da sagrade novi grad na nebu i tako steknu kontrolu nad komunikacijama između ljudi i bogova. Ovaj grad, koji niče poput Vavilonske kule, jedan je od prvih utopija u svetskoj književnosti, i predstavlja beg od nepravednog društvenog okruženja sa jedne, i od sruštosti bogova sa druge strane. —

Edvard Klug je završio studije baleta u Nacionalnoj školi baleta u Kljuž-Napoki, 1991. godine. Iste godine angažovan je kao solista u Slovenackom Narodnom pozorištu u Mariboru. Postavši direktor baleta tog pozorišta 2003., on pravi izuzetan zaokret. Tokom proteklih deset godina, Klug je privukao pažnju svetske javnosti svojim specifičnim koreografskim stilom. Osim toga, pošlo mu je za rukom da baletskom ansamblu mariborskog pozorišta obezbedi mesto na svetskoj plesnoj sceni. Mariborski balet učestvovao je, sa Klugovim koreografijama, na najvećim svetskim pozorišnim festivalima: na festivalu Jacob's Pillow Dance (SAD), festivalu The Stars of the White Nights u pozorištu Marinski u Sankt Peterburgu, Festival of Firsts u Pittsburghu, Arts Festival u Singapuru, festival u Bajacu u Francuskoj, O Boticario di danza u Brazilu, na plesnom festivalu u Tel Avivu, na festivalu u Sintri u Portugalu, Festival Des Arts de Saint-Sauveur u Kanadi, na međunarodnom plesnom festivalu u Koreji, u Teatro Piccolo u Milani, kao i na turnejama po Poljskoj, Italiji i zemljama bivše Jugoslavije.

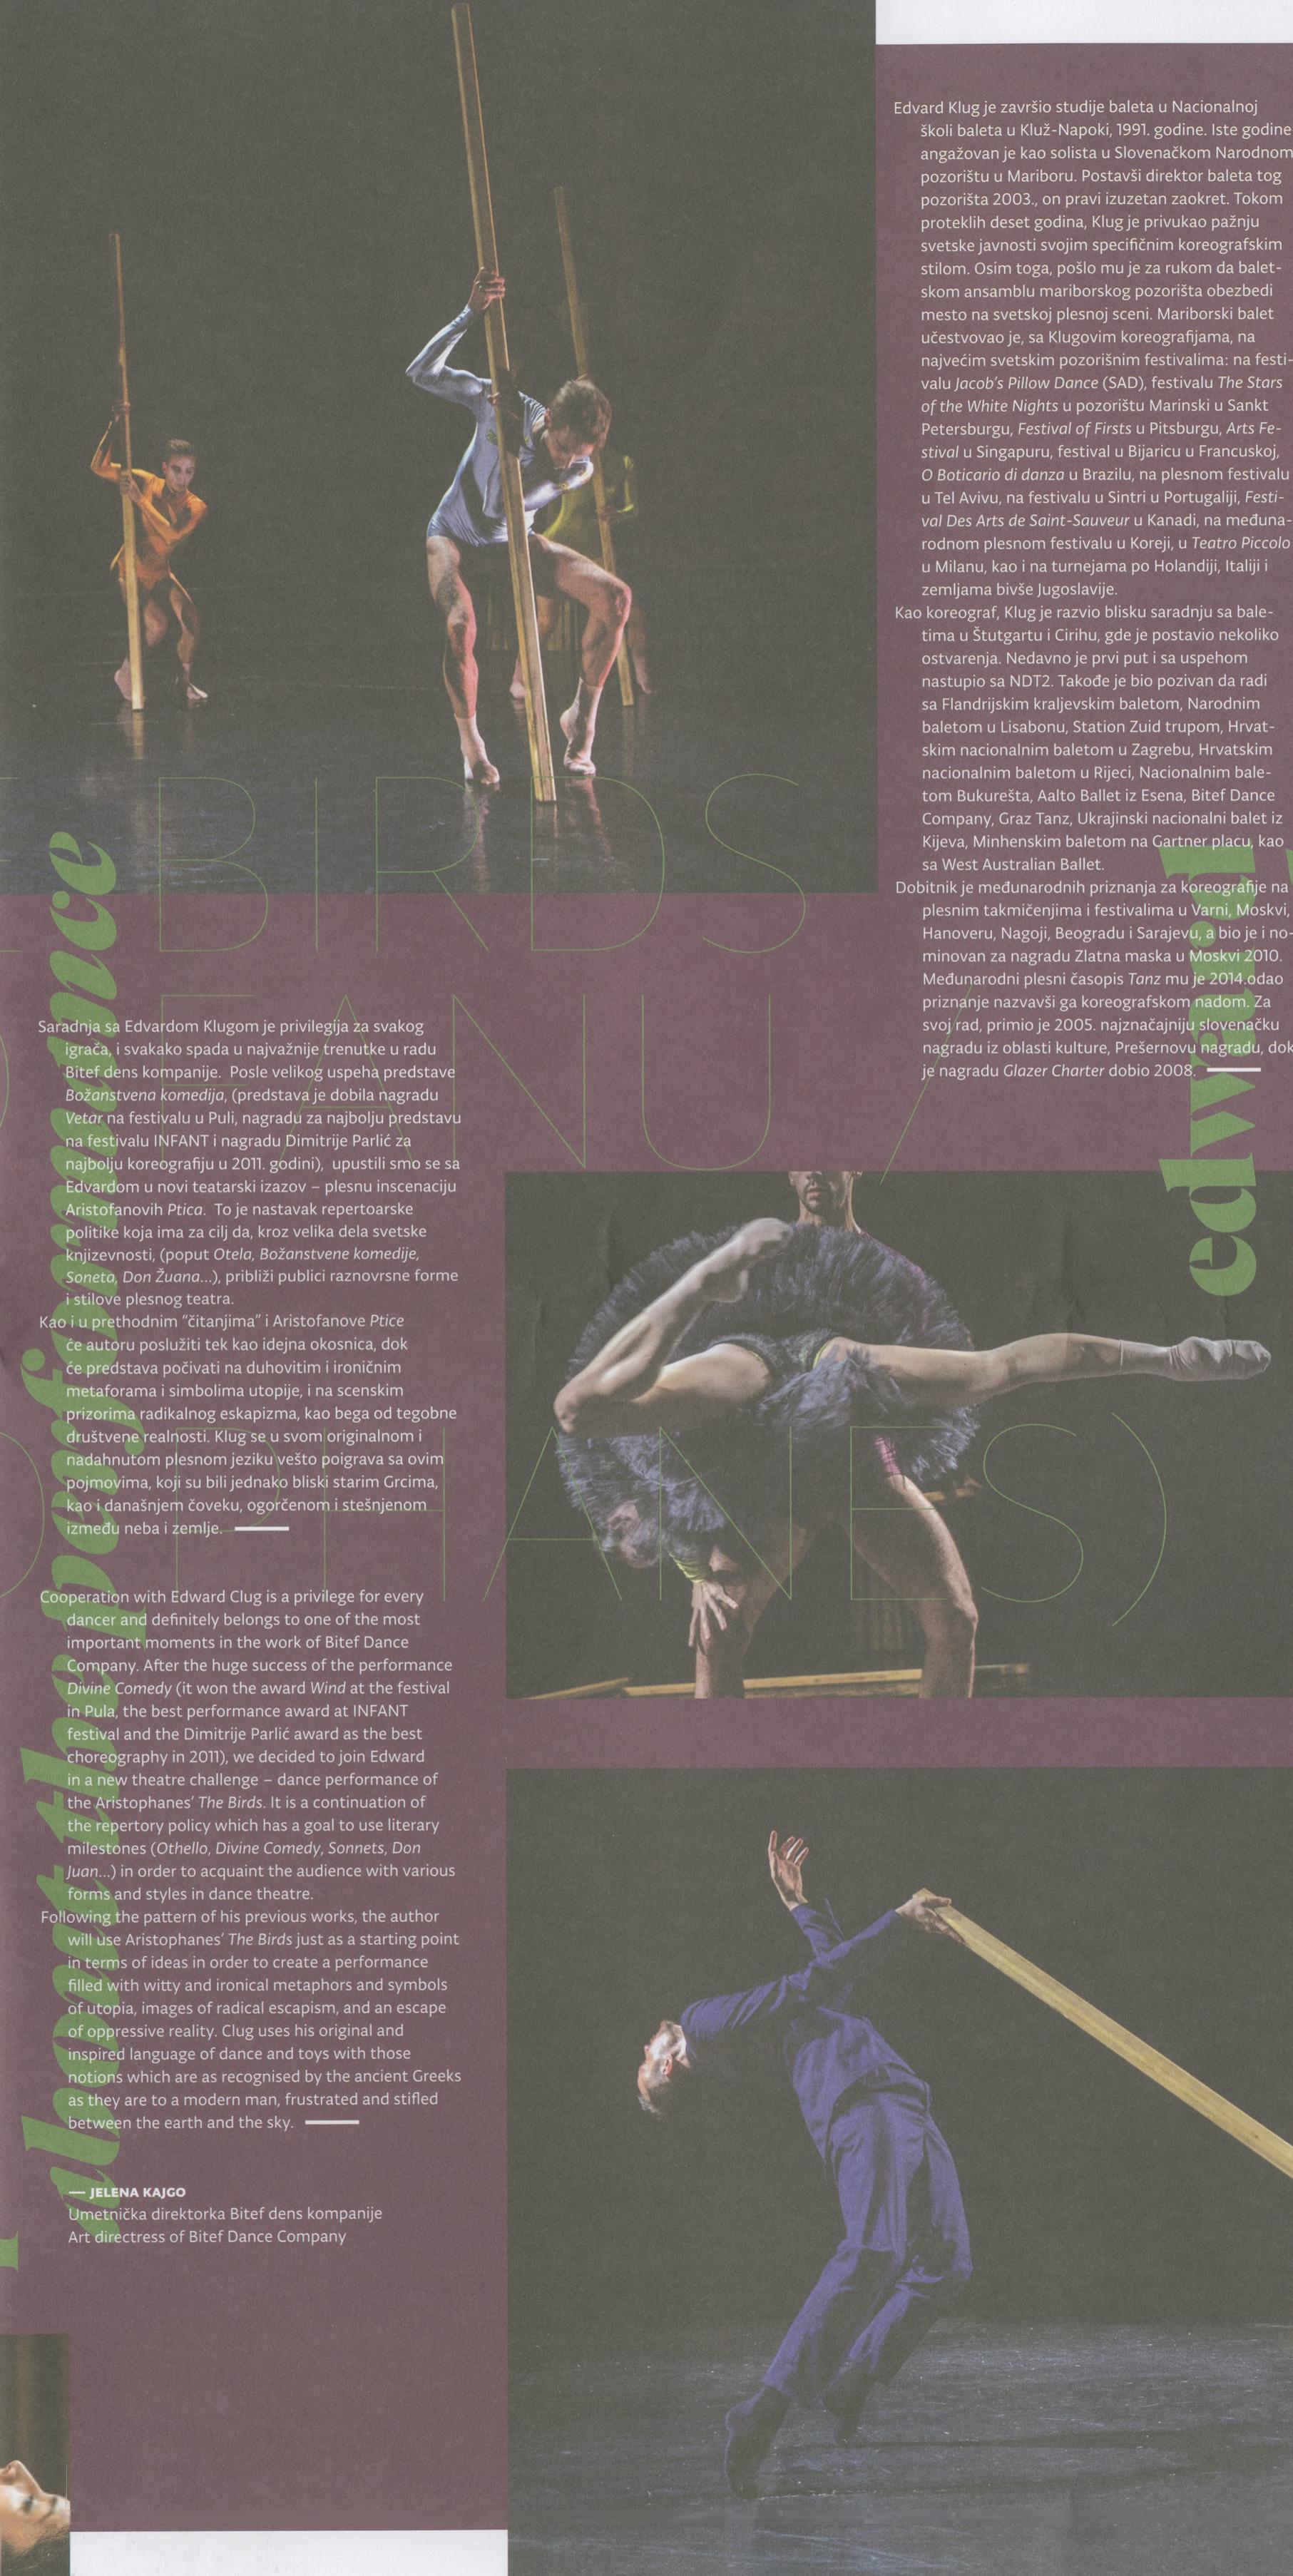

Kao koreograf, Klug je razvio blisku saradnju sa baletim u Štutgartu i Cirihi, gde je postavio nekoliko ostvarenja. Nedavno je prvi put i sa uspehom nastupio sa NDТ2. Tačko je bio pozivan da radi sa Flajndrijskim kraljevskim baletom, Narodnim baletom u Lisabonu, Station Zuid trupom, Hrvatskim nacionalnim baletom u Zagrebu, Hrvatskim nacionalnim baletom u Rijeci, Nacionalnim baletom Bukešta, Aalto Ballet iz Esene, Bitef Dance Company, Graz Tanz, Ukrainski nacionalni balet iz Kijeva, Minhenskim baletom na Gartner placu, kao sa West Australian Ballet.

Dobitnik je međunarodnih priznanja za koreografiju na plesnim takmičenjima i festivalima u Varni, Moskvi, Hanoveru, Nagoji, Beogradu i Sarajevu, a bio je i nominovan za nagradu Zlatna maska u Moskvi 2010. Međunarodni plesni casopis Tanz mu je 2014. odao priznanje nazavši ga koreografskom nadom. Za svoj rad, primio je 2005. najznačajniju slovenačku nagradu iz oblasti kulture, Prešernovu nagradu, dok je nagradu Glazer Charter dobio 2008.

Edward Clug has completed his ballet studies in 1991 at the National ballet school in Cluj-Napoca (Romania). In the same year he was engaged as a soloist at the Slovene National Theatre (SNG) in Maribor. Through the past ten years, Clug drew attention of the international audience to himself due to his specific choreographic style. He equally succeeded in putting the Maribor Ballet ensemble on the international dancing map. The Ballet of the SNG Maribor participated in the largest theatre festivals throughout the world performing his choreographies. Jacob's Pillow Dance Festival (USA), The Stars of the with nights festival in St.Petersburg, Festival of Firsts in Pittsburgh, Arts Festival in Singapore, Biarritz Festival in France, O Boticario di danza in Brazil, Dance Festival in Tel Aviv, Sintra Festival in Portugal, Festival Des Arts de Saint-Sauveur (Canada), Seoul International Dance Festival (Korea), at the Milan Teatro Piccolo and toured Netherlands, Italy, and the countries of ex-Yugoslavia. As a choreographer Clug has developed a strong relation with Stuttgart Ballet and Zurich Ballet where he has created several works. Recently he had a successful debut with NDТ2. He was also invited to create new works for Royal Ballet of Flanders, National Ballet in Lisbon, Station Zuid Company, Croatian National Ballet in Zagreb, Croatian National Ballet in Rijeka, National Ballet in Bucharest, Aalto Ballet Essen, Bitef Dance Company, Graz Tanz, Ukrainian National Ballet Kiev, Munich Ballet am Gartner Platz and West Australian Ballet.

He received international awards for his choreography at dance competitions and festivals in Varna, Moscow, Hannover, Nagoya, Belgrade and Sarajevo and was nominated for the Golden Mask award in Moscow 2010. In 2014 international dance magazine Tanz acknowledged him as future's hope in the field of choreography. He received the highest Slovene prizes in culture for his work, the Award of the Prešern Foundation in 2005 and the Glazer Charter in 2008.

Saradnja sa Edvandom Klugom je privilegija za svakog igraca, i svakako spada u najvažnije trenutke u radu Bitef dens kompanije. Posle velikog uspeha predstave *Božanstvena komedija*, (predstava je dobila nagradu *Vetar* na festivalu u Puli, nagradu za najbolju predstavu na festivalu INFANT i nagradu Dimitrije Parlić za najbolju koreografiju u 2011. godini), upustili smo se sa Edvandom u novi teatarski izazov – plesnu inscenaciju Aristofanovih *Ptice*. To je nastavak repertoarske politike koja ima za cilj da, kroz velika dela svetske književnosti, (poput *Otelja*, *Božanstvene komedije*, *Soneta*, *Don Žuana...*), približi publici raznovrsne forme i stilove plesnog teatra.

Kao i u prethodnim "čitanjima" i Aristofanove *Ptice* če autoru poslužiti tek kao idejna okosnica, dok će predstava počivati na duhovitim i ironičnim metaforama i simbolima utopije, i na scenskim prizorima radikalnog eskapizma, kao bega od tegobne društvene realnosti. Klug se u svom originalnom i nadahnutom plesnom jeziku vešto poigrava sa ovim pojmovima, koji su bili jedнако bliski starim Grcima, kao i današnjem čoveku, ogorčenom i stežnjenoj između neba i zemlje.

Cooperation with Edward Clug is a privilege for every dancer and definitely belongs to one of the most important moments in the work of Bitef Dance Company. After the huge success of the performance *Divine Comedy* (it won the award *Wind* at the festival in Pula, the best performance award at INFANT festival and the Dimitrije Parlić award as the best choreography in 2011), we decided to join Edward in a new theatre challenge – dance performance of the Aristophanes' *The Birds*. It is a continuation of the repertory policy which has a goal to use literary milestones (*Othello*, *Divine Comedy*, *Sonnets*, *Don Juan...*) in order to acquaint the audience with various forms and styles in dance theatre.

Following the pattern of his previous works, the author will use Aristophanes' *The Birds* just as a starting point in terms of ideas in order to create a performance filled with witty and ironical metaphors and symbols of utopia, images of radical escapism, and an escape of oppressive reality. Clug uses his original and inspired language of dance and toys with those notions which are as recognised by the ancient Greeks as they are to a modern man, frustrated and stifled between the earth and the sky.

Bitef teatar nastao je kao pozorište festivala koji je u našoj pozorišnoj sredini uvek bio nosioc novog, avantgardnog, svežeg, istraživačkog, slobodnog i društveno angažovanog.

Bitef teatar je pozorište koje je otvoreno, kako je i opisano u osnivačkoj povelji osnivačice gospode Mire Trailović, za sve vrste scensko-izvođačkih umetnosti. Sve vrste čistih i međužanrovnih veza između osnovnih rodova – dramskih, plesnih, vizuelnih i muzičkih scenskih praksi.

Bitef teatar je mesto stalnog otvorenog dijaloga umetnika i sredine. U sadržajnom i formalnom kontekstu. Pozorište živo u socio-političkoj stvarnosti u kojoj nastaje, sa jakom edukativnom ulogom za generaciju mladih izvođača i publice otvorene ka savremenim teatarskim tokovima i smernicama.

Bitef teatar je krovna institucija za razvoj novih, svežih pozorišnih praksi ove "bitefovskе" vrste, u ostalim pozorištima u Srbiji i regionu. Bitef teatar prati, neguje i direktno učestvuje u kreiranju ovakve vrste različitog, modernog pozorišnog izraza, posebno u našoj zemlji. Detektuje i gaji tekovine "tradicije avantgarde" koja u Srbiji postoji i van prestoničke scene. Bitef teatar omogućava da ovakve produkcije budu videne u Beogradu, upravo na sceni Bitef teatra, ali i da produkcije Bitef teatra imaju svoju videnos na gostovanjima širom naše zemlje i regiona. To praktično znači da je Bitef teatar otvoren i biće otvoren za sve vrste koprodukcione saradnje sa ostalim pozorištima u Srbiji, te tako pomoći u formiranju, razvoju i mapiranju ovakve, uslovno rečeno "bitefovskе" pozorišne tradicije.

Bitef teatar neguje i ohrabruje umetničku slobodu. Slobodu izraza i govora. On potvrđuje zrelost socijalne zajednice, slobodne da se preispituje i socijano unapređuje kroz niz umetničkih praksi. Publika Bitef teatra je publika mladih intelektualaca sklonih iznašenju novih formalnih i žanrovnih mogućnosti izraza. Zato se u Bitef teatru posebna pažnja mora skrenuti razvoju scene za mlađe. U tom smislu, kroz saradnju sa državnim, gradskim i ngo organizacijama, jačamo ovu scenu. Kroz edukaciju mladih, istraživanje mlađe publice, formulisanje repertoara u pravcu stalne participacije mladih ljudi.

Bitef theatre was founded as a result of a theatre festival that has always been the benchmark of the new, avant-garde, fresh, explorative, free and socially engaged in the local community.

Bitef theatre is a theatre that was founded, as is written in the founding statement of the founder, Ms Mira Trailović, for all kinds of stage performing arts. As well as all kinds of cross-genre relations between the basic forms: dramatic, dance, visual and musical stage practices.

Bitef theatre is a place of continuous open dialogue between the artist and the community, in both form and content. A living theatre in the socio-political reality, in which it exists with a leading educational role for generations of young performers and audiences open towards contemporary theatre trends and directions.

Bitef theatre is a top institution for the development of new, fresh theatre practices of this 'bitef-esque' kind, in other theatres in Serbia as well as the local region. Bitef theatre follows, encourages and is directly involved in the creation of this different, modern theatrical expression, especially in our country. It detects and nurtures the products of 'avant-garde tradition' which exists in Serbia even outside the Capitol scene. Bitef theatre ensures that these production can be seen in Belgrade, on the stage of Bitef theatre, as well as making sure that Bitef theatre productions are seen all over the country and the region. This means that Bitef theatre has been and will remain open to all kinds of co-productive collaboration with other theatres in Serbia, thus encouraging the formation, development and mapping out of this 'bitef-esque' theatre tradition.

Bitef theatre nurtures and encourages artistic freedom: the freedom of expression and the freedom of speech. It confirms the maturity of a social community, free to question itself and progress socially through a number of artistic practices.

Bitef theatre audience is an audience comprised of young intellectuals eager to discover new possibilities of form and genre in expression. That is why Bitef theatre dedicates special attention to the development of the youth scene. In that respect, collaborating with government and city organizations, as well as NGOs, we are committed to strengthening this scene. This is also done through the education of young people, young audience research, comprising a repertoire targeted at the constant participation of young people.

Igranje predstava u tako osobrenom, autentičnom okruženju daje pozorišnom izrazu neki poseban ton. Pokazalo se, naime, da je festival na otvorenom prostoru sasvim naročit festivalski žanr, a to teatarsko iskustvo je svojevrstan eksperiment u odnosu na ustaljena ograničenja scenske izražajnosti.

Performing in such an exceptional, authentic surrounding gives a distinctive tone to theatre expression. Festivals in the open are considered to be a unique festival genre and that theatre experience represents an experiment when compared to usual limits of stage area.
